

Feature Description Document

Understanding Biometric Schedules

Purpose

This document provides information to understand Biometric Schedules.

Applies to

TITAN	TFACE	TOUCH 2	SENSE 2	MERGE 2	MYCRO
All Devices	All Devices	All Devices	All Devices	All Devices	All Devices

Description

Biometric schedules are used when the device is in verification mode and it is no longer required to verify the user with fingerprint during specific times. During these times, the users will not be required to authorize themselves using biometrics (fingerprints) and will be able to enter the area without any biometric access control, using only card or PIN or neither (if required).

Configuring Biometric Schedules

1. From Home >> Click **Devices** tab on the top >> Select the required **Device** >> Navigate to the **General Settings** tab for the device >> Click **Biometric Schedule**.
2. Toggle Biometric Schedule to **ON** from the right side of the tab.

The screenshot shows the INVIXIUM device management interface. On the left is a sidebar with a list of devices. The main area displays the configuration for device TSTOUCH2FP2 (Device ID: 0), which is currently Online. The 'General Settings' tab is selected, and the 'Biometric Schedule' section is expanded, showing a toggle switch turned ON. Below the toggle is a table for configuring the schedule.

Days	Sun	Mon	Tue	Wed	Thu	Fri	Sat
Start	-	-	-	-	-	-	-
End	-	-	-	-	-	-	-
Start	-	-	-	-	-	-	-
End	-	-	-	-	-	-	-

3. Click **Edit**. This will open a Biometric schedule selection window. Select days and times when fingerprint authorization is not required.

4. Users can click **Copy** to use the same schedule duration set for the previous day. i.e. If on Monday the schedule is created for 09:00 AM to 05 PM, the user can click **Copy** to repeat the same schedule duration for Tuesday.
5. Click **Apply** to save the settings on the device.
