## Understanding Translate Licensing

## Purpose

This document outlines the process of getting a license key to use the Translate feature in IXM WEB.

## Applies to

TITAN	TFACE	TOUCH 2	SENSE 2	MERGE 2	MYCRO
All Devices					

## Description

Translate feature is a license based module used to translate the IXM WEB and device language from English to a localized language. To use the translate feature, the end-user is required to enter a valid license key. End-users have to send a license key request to the Invixium Technical Services team. Upon receiving the license key, the end-user can translate the resources of the IXM WEB and IXM Devices.

## Requesting Translate License

1. IXM Translate module comes with the following license types:
  - a. **Trial:** 1 Month
  - b. **Perpetual:** Number of Years (1 Year & 3 Years)
  - c. **Permanent:** Unlimited

NOTE: A trial license key will be provided only once per system by the Invoxium Technical Services team and will be valid for 1 month.

2. From Home >> Expand the left navigation pane >> Navigate to **License** >> Click **Translate**.

The screenshot shows a 'Translate Activation' dialog box with three license options: PERPETUAL (1 Year selected, 3 Years), TRIAL (1 Month selected), and PERMANENT (Unlimited selected). Each option has a 'Request' button. Below the options is an 'Activation Key' input field, an 'Activate' button, and a 'Cancel' button.

3. Select the type of Translate license required and click **Request** to see the details to be sent to Invoxium support to request a license.

- 4. The Details screen will vary based on whether the SMTP settings have been configured in IXM WEB:
  - a. If SMTP settings are not configured, a “Copy to Clipboard” icon will appear.
